

Occupational Therapy Drop-in Session for Education Staff

Children's
Occupational
Therapy

We are looking at ways we can make our service **more accessible to schools** to provide advice and support and will be trialling a SENCo drop-in via **Microsoft Teams** on the following dates/times:

📅 **Thursday 4 June 2026, 12pm - 1.30pm** -  [link](#)

📅 **Friday 19 June 2026, 12pm - 1.30pm** -  [link](#)

📅 **Friday 25 September 2026, 12pm - 1.30pm** -  [link](#)

📅 **Thursday 8 October 2026, 3pm - 4.30pm** -  [link](#)

Please follow the link to join the session on your preferred date/time.

The purpose of the drop-in is for your school to gain support on the following;

- ➔ **Advice regarding fine motor activities, developing independence skills, handwriting, sensory regulation.**
- ➔ **Specific training advice we may be able to offer**
- ➔ **Advice around adapting a classroom environment**
- ➔ **Advice regarding a specific child (they do not need to be known to us)**
- ➔ **Any other questions you may have relating to our role/service.**

We ask that you **do not share** any **personal identifiable information** related to specific children for confidentiality purposes as there may be other staff from other settings on the call. We will ask which educational setting you are representing for feedback purposes.

Following the session, we will send a feedback form to your school and ask that this is shared with you so that you can complete a short survey to offer feedback on whether you found this session useful. This helps us to make any improvements for future sessions.
